IMPORTANCE OF CRITICAL INFRASTRUCTURE FOR SAFETY IN LOCAL COMMUNITIES

Amadeja Hren

Jana Jerotić

— IMPORTANCE OF CRITICAL INFRASTRUCTURE FOR SAFETY IN LOCAL COMMUNITIES

Authors: Amadeja Hren & Jana Jerotić

Mentors: prof. dr. Gorazd Meško & prof. dr. Katja Eman

(Source: <https://www.openpr.com/news/2095593/critical-infrastructure-protection-market-precise-outlook>)

Introduction

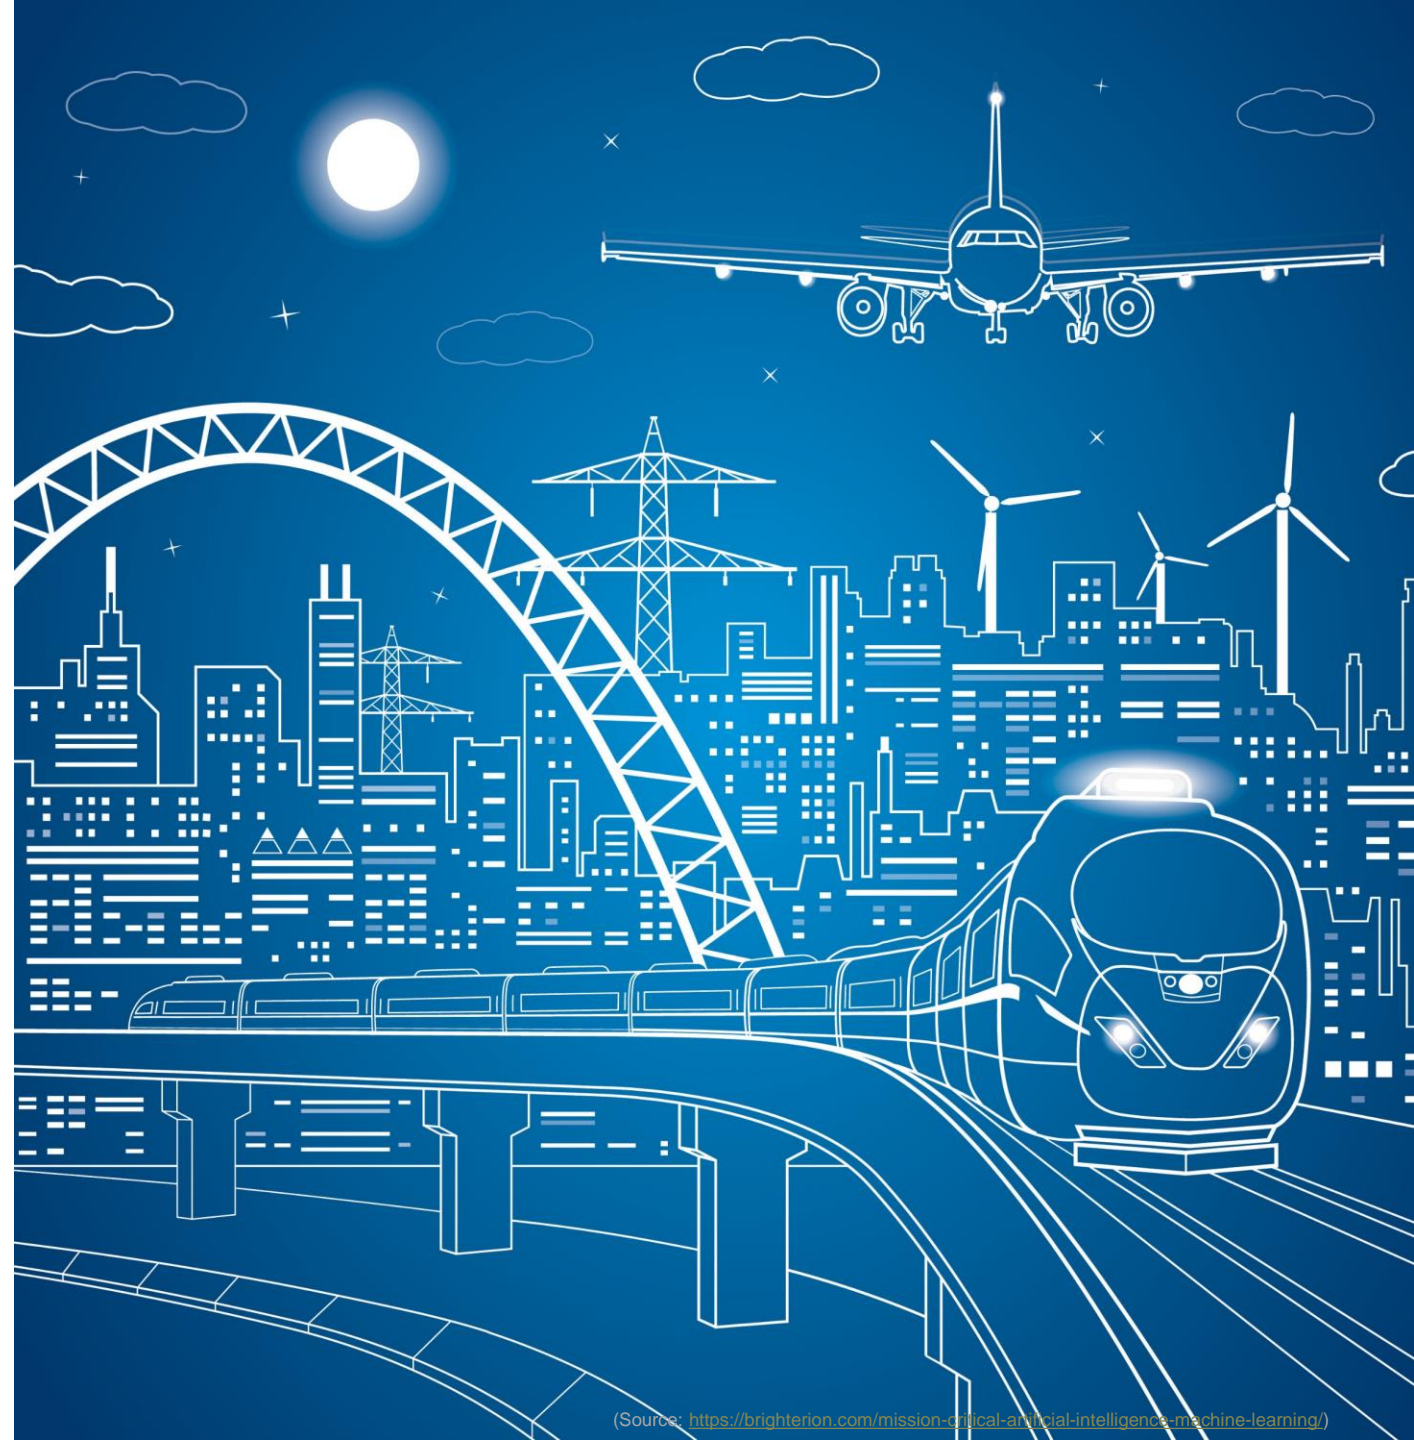

Energy

- Electricity (noticeably smaller influence of municipalities)
- Oil and oil products (noticeably smaller influence of municipalities)
- Natural gas (noticeably larger influence of municipalities)

Transport

- **Road**, rail, sea, air
- Municipal roads
- Control and safety: police and (inter)municipal (city) police
- City-scheduled passenger transport

Food

- Production, processing, distribution, sale → food chain
- Importance of shorter food chains
- Goal of municipalities: local food self-sufficiency → support for local farmers and protection of agricultural land

Drinking water supply

- Water sector: **Drinking water supply**, water **quality** control, water quantity control
- Constitution of the Republic of Slovenia (Art. 70): “Everyone has the right to drinking water”
- Provision of (quality) drinking water through self-governing local communities

Healthcare

- Private and public healthcare providers
- Fundamental services
- Maintenance of health
- Municipality and medical centers

Finance

- Economic safety; banks, savings banks, stock market, etc.
- Increased usage of electronic banking
- Geographical distribution
- Effect on residents

Environment protection

- Climate change, pollution, exploitation of natural resources, etc.
- Waste management
- Cleaning campaigns and awareness
- Environment and public health

Information and communication networks and systems

- Exponential development
- Complex systems
- Regulation by law
- National or local actors?
- Indirect effect on population
